After taking several doses, all pains in the back, sides or loins, rheumatic twinges, nervousness, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn-out feeling and other symptoms of clogged, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery ends.

MRS. KOSKELA GETS VERDICT; PRISONERS TAKEN TO IONIA

Last Jury Case on Docket Disposed of and Yokum and Lanto Given Terms.

CHANCERY CASES NOW UP

The last of the jury cases on the present calendar was disposed of yesterday afternoon when the jury in the case of Mrs. Sophia Koskela against John Steinback reported to the court that they had found a verdict for the plaintiff in the sum of \$779.16. The jury had been out only a couple of hours and upon their report Attorney Burritt & Burritt for the plaintiff moved that the damages be assessed at twice the amount of the jury's award, according to the statute applying to such cases.

The crowded condition of the county jail was further relieved today by the taking to Ionia of Walter Yokum and Isaac Lanto, who were sentenced yesterday to prison terms. Yokum, who was found guilty of "rolling" a man for \$50 in a Calumet saloon, early in the present term of court, was given from one to five years. Lanto pleaded guilty to the charge of desertion at the beginning of the term and was given a term of from one to four years. Both the prisoners were taken to Ionia today by Officers Sheridan and Bernard Rysers.

MORRIS LEVINE ARRESTS DRUNKEN INVADER OF BED

Man Enters Merchant's Residence and is Taken Prisoner by Master of House.

HE JUST WANTED TO SLEEP

The family of Morris Levine will not soon forget the excitement which they experienced last night when Mr. Levine found that a drunken man had taken possession of his bed and was peacefully sleeping it off. It was late when the disturbance occurred and the entire household had retired for the night, when a member of the family was aroused by a noise. This member, one of the children, aroused the others in the house and Mr. Levine went to investigate.

As he went down the stairs, the invader of the home came up and when the master of the house returned to his room, he found the man stretched out upon his bed. Now Mr. Levine's worst enemy cannot accuse him of inhospitality, but he thought this was going a little too far, especially upon such a short acquaintance, and he requested the unbidden guest to arise and depart in peace. The answer was an inarticulate mumbling from the prostrate form and mine host concluded, and rightly, as it afterwards developed, that the intruder was intoxicated and had gotten into the wrong establishment, probably in the belief that he was a merchant prince.

Now, among other things, Mr. Levine is a deputy sheriff and he accordingly decided to use his official position. He dressed quickly and took the man to the county jail. When he was arraigned before Justice Brand this morning, the man gave the name of Antti Hugas and said he "just wanted to rest." He paid a fine of \$3 and costs.

HIGH SCHOOL HOCKEY TEAM BEATS MINING SCHOOL 3-1

In one of the hardest games they have had to play this season the boys of the high school hockey team won from the mining school players at the Amphidrome by the decisive score of 3 to 1. The ice was fast and the teams were well balanced. At first it was almost impossible for the high school players to get the puck away from their own net but toward the middle of the first half they rallied and Pryor scored the first goal on a pass from Bassett.

Shortly before the end of the half Weismiller shot a goal for the college boys and the half ended with the score 1 to 1. In the second half the college team did a little more scientific work but were unable to stop the high school youngsters and Pryor and Croze each scored a net for the high school, making the final score 3 to 1. The line-up of the teams:

AFTER ONE OF BRAND'S JOBS.

ANTI-TUBERCULOSIS MEETING.

Directors of Houghton County Society Will Hold Session Tonight.

The board of directors of the Houghton County Anti-Tuberculosis society will meet in the offices of the society this evening in the last session of the board to be held before the annual meeting of the society which occurs two weeks from tonight. Two important matters will be discussed tonight, one being the further action to be taken by the league in their attempt to get the county board to aid in the erection of a sanatorium for the treatment of tuberculosis at the expense of the county and the other will be a preliminary report to be presented by the new field nurse, Miss Caroline Ehlert, who has spent the time since she arrived in the county in making some investigations of conditions.

It is understood that Miss Ehlert will have some suggestions and recommendations to make concerning the best methods for fighting the white

plague in the copper country. The county board is scheduled to convene next Tuesday and at that time the prosecuting attorney will make a report on the legal phases of the board's future action in the matter of erecting the proposed hospital.

Word has been received in Houghton that Supt. Benson of the Ontario schools has been successful in having his high school placed upon the accredited list of the Michigan College of Mines.
